

Public Health

Located in Bldg 1094

Hours of operation: 7 a.m. to 4 p.m. Monday-Friday, except Wednesdays (0900-1600)

Phone: 734-3309

Mission:

Prevent disease, disability, morbidity through extensive use of population-based programs. Conduct epidemiological surveillance and analysis of communicable, environmental, and occupational morbidity and mortality to establish and prioritize strategies for prevention and intervention. Provide programs for both individuals and groups to clearly communicate risks and hazards in the workplace/environment and best practices to safeguard health. Manage and maintain Tinker AFB Individual Medical Readiness (IMR) Program, gather data and provide reports to Unit Deployment Managers and Commanders.
